How We Calculate Your Balance

We use a method called "average daily balance (including new transactions)." See your account agreement for more details.

Billing Rights:

Information on your rights to dispute transactions and how to exercise those rights is provided in your account agreement.

Security Interest Specific for Credit Cards:

If you are approved for a credit card, you acknowledge and pledge, specifically as a condition of your use of the credit card, that you have voluntarily granted Randolph-Brooks Federal Credit Union (RBFCU) a security interest in all of your individual and joint share accounts at RBFCU. If your credit card loan becomes delinquent, this security interest may be used without further notice to pay all or part of such delinquency. This security interest does not apply to shares in an Individual Retirement Account.

Variable Rate:

Your APR will vary based on the U.S. Prime Rate published in The Wall Street Journal (the index). If the Prime Rate causes an APR to change, we put the new APR into effect as of the first day of the next billing period after the start of the January, April, July or October billing cycle for which we calculate the APR. If The Wall Street Journal does not publish the Prime Rate, we will use a similar published rate. To determine the APR that will apply, we add a margin to the value of the index.
