STAR Program

Help build strong financial skills.

The RBFCU STAR program encourages kids, teens and young adults to learn about finances first-hand through a free interactive tool – which also gives you the ability to reward* your young saver for hard work and completing tasks.

Your savers can also ask you for small loans, request controlled amounts of spending money and earn rewards for making sound financial decisions!

*Adults enrolling children in STAR must use their RBFCU savings or checking accounts.

What does the STAR program do?

Savings	Teaching	Account	Responsibility
Create and track savings goals together using the savings goal and budget features.	Learn about loans, interest and making loan payments in a fun, interactive way.	Request and make transfers, create a budget and more!	Assign and hold your child responsible for chores, tasks and small loans.

Enrolling your child in STAR is easy:

Online – rbfcu.org

RBFCU Mobile® app¹

Once enrolled, no additional accounts, app downloads or sign-in credentials are needed!

Children must have a youth account prior to enrollment. STAR is an educational tool to help kids learn about financial literacy with parental/guardian assistance. The “Request a loan” option is a parent/child module and is in no way a contractual agreement between RBFCU and the parent/guardian or minor for a loan. The “Request a loan” option simulates a loan for educational purposes and will not result in credit review or approval. RBFCU is not responsible if terms of the module are not met when using the “Request a loan” option. The accuracy and applicability of this online tool to your circumstances is not guaranteed.
